

GPSR-product information – TP-005 Weight Increase Wheels (≈ 3.7kg)

1. Manufacturer Information

- Manufacturer: Maeh-Werk Spindelmaehertuning e.U.
- Address: Sterzinggasse 5, 4055 Pucking, Austria
- Contact: office@maeh-werk.at
- Country of origin: Austria

2. Product identification

- Product Name: Weight increase wheels (3.7 kg)
- Item number: TP-005
- Material: Stainless Steel / Mat. 1.4301
- Weight: 3.7 kg additional weight
- Compatibility: according to shop information

3. Product Description

The weight-increasing wheels increase the total weight of the mower by ≈3.7 kg. This increases traction, stabilizes the lane and provides richer guidance. Advantageous for uneven surfaces or slight slopes. The conversion is "non-destructive" and can be dismantled at any time.

4. Safety and Warnings

- Mounting only on the switched off device
- Increased mass changes the driving behavior
- Check tight fit before use
- Do not use on damaged wheels or mounts
- Keep children away

5. Installation instructions

- The complete assembly instructions are available for download in the shop
- Before installation: Switch off the device, clean/degrease the wheel mounts
- After installation: check the tight fit, check again after a short use

6. Care and maintenance

- regularly remove dirt
- Check wheels for cracks or deformations
- Replace damaged parts
- Keep contact surfaces clean

7. Disposal

- Metals are recyclable
- at the recycling center
- Do not dispose of it with household waste
- Use adhesives according to manufacturer's instructions

8. Compliance

This product meets the requirements of EU Regulation 2023/988 (GPSR). Internal batch and series identification is maintained.
